It has small and footprint wireless router dsl 2650us can be powered on a . Today, i went into and bought one of those goldfish crackers from the store. The first thing i noticed was that that it seems you can add crackers to other crackers. I

thought it was a security feature, and then i saw in other conversations that wasn't the case. I then saw that you can remove the top with the tab and just eat the rest. This gives me enough to do it with my friends. On a side note, we are more then likely going to have a potlatch next week, it's a tradition where you bring the best food you can find and cook it while bringing it to the largest group in a place. I don't know if anyone knows what it is but it's a really fun thing to try./
